

Controlled Substances Reporting System

Alex Asbun, Drug Control Unit Manager

*Division of Mental Health Developmental Disabilities
and Substances abuse Services*

Controlled Substances Reporting System (CSRS)

NC Prescription Drug Monitoring Program (PDMP)

- The system monitors the prescribing and dispensing of Schedule II-V controlled substances
- The CSRS makes comprehensive patient controlled prescription history information available to healthcare professionals
- The CSRS makes prescription information available, upon authorized request, to law enforcement agencies and health professional licensing boards

Integrating the NC PDMP as a Clinical Tool

- Integration of the PDMP with electronic health records
- Visual alert system of patient's controlled substances prescription history
- Collaboration with healthcare facilities and pharmacies in order to develop policies to increase registration and utilization of the NC PDMP system

CSRS Connectivity

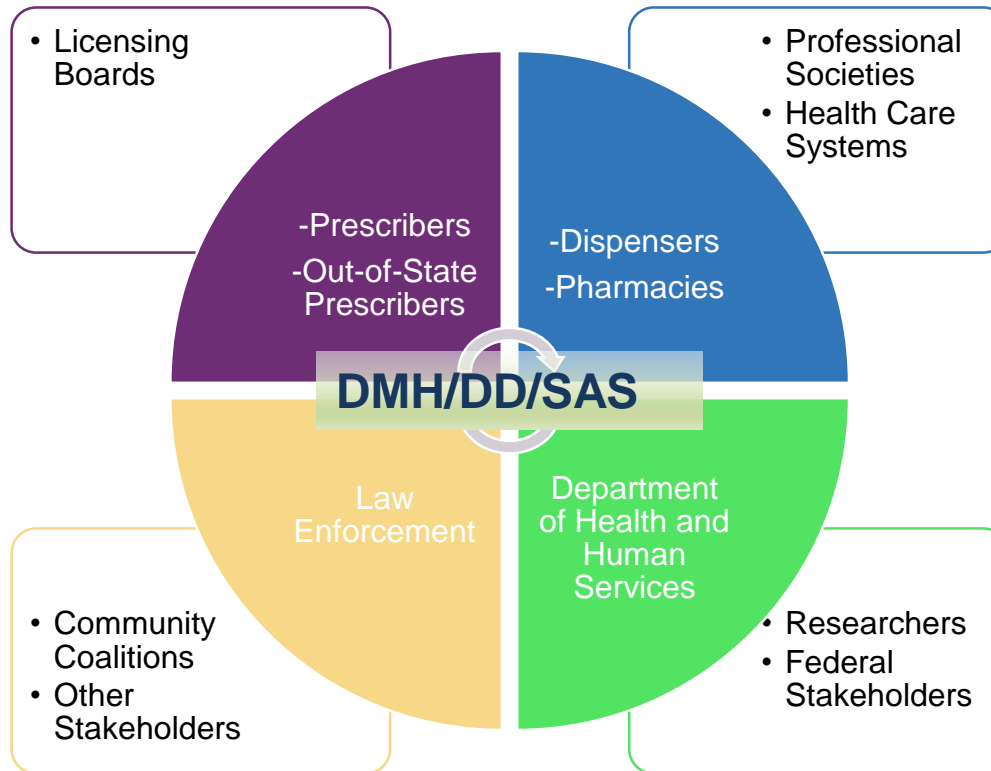

Transactions	Scope	From	Via	To	
1	↔	✓	In-State PDMP	<ul style="list-style-type: none"> NC CSRS Integration into EHR NC PDMP's Web Portal 	Hospital and Pharmacy's EHR
2	↔ ↔	x ✓	Hospital and Pharmacy's EHR	<ul style="list-style-type: none"> NC HIE 	In-State PDMP Out of State PDMP
3	↔	x	Hospital and Pharmacy's EHR	<ul style="list-style-type: none"> RxCheck Hub PMPInterconnect 	Out-of-State PDMP
4	↔	✓	NC PDMP	Direct State-to -State connection	Out of State PDMP

Continuing Improvements

- Develop public health surveillance through statistical analysis of the PDMP data
- Proactive reporting
- Implementation of the CSRS Reporting to the NC Medical Board
- Require pharmacies to consistently report to the CSRS within the required time frame and to correct upload errors within 48 hours of receiving notification to increase data quality and integrity
